

Ages & Stages: Grieving Children & Teens

24th Annual Thomas Nevola Symposium

Spirituality and Trauma: Reclaiming Your Life

Colby College, June 8, 2010

In this workshop (of several that will be offered at the Symposium) HVWA staff members Dale Marie Clark, Deb Thurston and Jillian Fortin will explore effective ways to help grieving children and teens. They will lead participants through a child's journey of grief and provide examples of rituals and activities offered to children and teens in a peer support group model.
